### **Appeal of USAC Action**

The Administrator's Decision states:

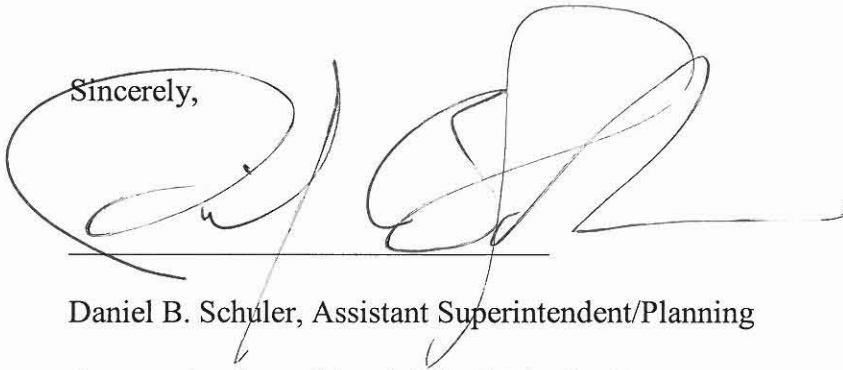

*On July 30, 2010 a Notice of Withholding of Action letter was sent for the amount of \$13,268.64. Appeal documentation included Recovery Paid in full Acknowledgement letter dated August 30, 2010. However, USAC discovered that an additional amount of debt for \$21,558.33 was not yet received. USAC sent a new Notice of Withholding Action letter dated October 27, 2010 to inform the applicant of this outstanding debt. It explained that the Billed Entity Number (BEN) had an unsatisfied debt of \$21,558.33 with the FCC and indicated that the applicant had 30 days from the date of the letter to satisfy this debt. Therefore, the deadline to satisfy the debt was November 27, 2010. As of that date, payment of the debt was not received. Therefore, the appeal is denied. (Administrator's Decision, page 1)*

Community Consolidated School District 21 did not initially respond to the Notice of Withholding Action letter dated October 27, 2010 due to the letter being addressed to a contact person that has been retired from the district for a number of years. After finding that said Notice of Withholding Action letter was not satisfied, Community Consolidated School District 21 took appropriate measures to secure the letter and to satisfy the debt.

The debt associated with the October 27, 2010 Notice of Withholding has now been paid in full. The FCC Red Light system now shows "GREEN light status" for the Wheeling School District. Accordingly, we hereby request that the Commission direct USAC to resume processing of our 471 Application No. 749004 for funding year 2010-2011.

Should there be any questions or if the Commission requires additional information from the District to process this request, please contact the undersigned.

Sincerely,

A handwritten signature in black ink, appearing to read 'D. Schuler', written over a horizontal line.
